### SHOT DOWN IN PRISON

A Newspaper Reporter Kills an Accused Murderer.

THE CAUSE IS A MYSTERY.

Statement by the Wounded Prisoner Out Shout by the Death Rattle.

—A Queer Case.

Special by THE UNITED PRESS.

NEW ORLEANS, Oct. 17.—At noon today Thomas H. Duffy, a newspaper reporter, and a brother of the prize fighter, John Duffy, called at the Parish prison and asked to see Antonio Scottie, one of the prisoners arrested in connection with the murder of Chief of Police Hennessy, for the purpose, he said, of identifying him.

The keeper brought Scottie into the corridor, when quick as a flash Duffy drew a pistol and shot the prisoner in the neck, inflicting a mortal wound. Duffy was arrested and Scottie at 1:30 p. m. was in the act of making a confession or dying declaration at the hospital and had got as far as referring to the Matinaza factor.

"We know that Chief Hennessy and the provanzas were friends, and we and Matinaza," said a Catholic priest, Father O'Neil, was announced to minister to the dying man, that cut short the confession and Scottie and the priest were left together. Scottie's throat was swelling fast and his life ebbing, so no more of his confession could be procured.

**FOR RETALIATION.**  
British Minister's Suggestion to His Government.

Special by THE ASTORIAN.

LONDON, Oct. 17.—The British minister at Belgrade has sent to his government a voluminous blue book, illustrating the possible advantages to be derived from an extension of British trade with Serbia. He declares that Serbia can supply pretty nearly everything in the line of food products which are obtained from the United States, and that it would be a good way to retaliate for the McKinley tariff to obtain such commodities from Servians instead of Americans.

**Just in the Nick of Time.**  
Mrs. Lydia A. Nelson, of Lake County, Mich., writes:

"LITTLE LUCY, March 6, 1890.  
"The Allcock's Porous Plasters sent me came just in the nick of time. We have all had the grippe and, of course, we all had to have a plaster over the lungs. I verily believe they kept me from having inflammation of the lungs, or something else, when I had the grippe, and perhaps saved my life. I never intend to be without them as long as they are made.  
"Please send me another dozen, as, last are all gone but one. I gave several of them away, but they all did good in every case, so far as I could learn."

**HE FAILED TO COME TO LIFE.**  
Fatal Termination of an Experiment by Religious Fanatics.

Special by THE UNITED PRESS.

COLUMBUS, O., Oct. 17.—Prinus Jones (colored) was killed Sunday morning at Sumpter, S. C. A projected meeting was being held there being held there by the negroes, and the greatest excitement prevailed. It was at first reported that Prinus had been offered as a sacrifice to the Holy Ghost, because of his incredulity, but at the coroner's inquest the testimony showed the man's death was the result of a perfect frenzy of fanaticism. Jones was killed by Rev. A. H. Darnall, a negro pastor, and Richard Campbell, a prominent church member, because he expressed doubts about the supernatural and desired to kill a man and then restore him to life. Jones was killed to make a test case, but the experiment failed. A large number of Darnall's congregation believed he possessed the supernatural power until his failure in this case. The finding of the jury was that Jones was murdered by Campbell and Darnall. The jury was composed of colored men, and the accused men are in jail.

**Telegraphic Competition.**  
The new extension of the Pacific Postal to Port Townsend, operates to the disadvantage of Portland to that place and intervening points one-third. This reduction was a part of the terms of the contract by which the Postal received a bonus of \$120,000 from the chamber of commerce of Port Townsend for completing its line by October 15.

**Is Consumption Incurable?**  
Read the following: C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable consumptive. Began taking Dr. King's New Discovery for Consumption, and now on my third bottle, and am able to resume the work on my farm. It is the finest medicine ever made."  
Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption, I would have died of Lung Trouble. Was given up by doctors. Am now in best of health. Try it. Sample bottles free at J. W. Conn's Drug Store."

The season being over, the baseball foul is no longer a game bird.—Philadelphia Times.

**Epoch.**  
The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. ### THE CRIMINAL CALENDAR

A Man Brains His Wife and Children With a Hatchet.

Special by THE UNITED PRESS.

BERLIN, Oct. 17.—A terrible tragedy occurred to-day at Reichenhorff, a suburb of this city. A builder named Schauf, who was at one time wealthy, but who lost his money and is heavily in debt, attacked his wife and five children with a hatchet and hacked their heads in a terrible manner.

Three of the children died from their injuries and Frank Schauf and the remaining two children are unconscious and may die.

The man then fled and thus far has eluded all efforts to capture him.

**CONVICTS HAPPY.**  
A Decision That Will Shorten Their Terms.

Special by THE ASTORIAN.

JEFFERSON CITY, Mo., Oct. 17.—Judge Edwards decided to-day that Edward Childs must be discharged from the penitentiary, though he has served but two years and was sentenced on three counts for two years each or six years in all. The commitments reads two years each, but did not say the terms were to run consecutively. The judge, therefore, concludes they should all run at once technically. There was tremendous excitement within the prison walls where the news penetrated, and where over 500 prisoners are confined. One man received last week from St. Charles county, sentenced to two years each on eleven different counts or twenty-two years in all. There was but one commitment and under the decision he will be liberated in two years.

**A QUEER CASE.**  
A Man Who Fired a Pistol to Kill His Wife.

Special by THE UNITED PRESS.

OLYMPIA, Oct. 17.—The case of August McLain, now confined in the county jail, was considered in the supreme court to-day and taken under advisement.

McLain is charged with killing a man at Shelton, about three years ago. It was his intention to kill his wife, and for that purpose fired a pistol, which, however, his wife had left the hotel without his knowledge, and one of the occupants was burned to a crisp.

McLain has been confined in the county jail since under sentence of death.

**SUICIDE ON A TRAIN.**  
A Respondent Man Shoots Out His Brains.

Special by THE ASTORIAN.

WELLS, Nev., Oct. 17.—A passenger on the west-bound fast mail train, committed suicide to-day near Kelson station by shooting himself through the brain. He had a ticket from Lake to San Francisco and by papers found on him has been identified as Philip Briggs, recorder of Utah Comptroller No. 1, Knights Templar, and secretary of Utah Chapter Royal Arch Masons.

He stated to a lady passenger just prior to the act that he felt badly and was very despondent. His remains will be held in charge of the Masonic fraternity at Terrace.

**THEY ALL GO FREE.**  
No One Responsible for a Death in the Prize Ring.

Special by THE UNITED PRESS.

SAN FRANCISCO, Oct. 17.—Following the acquittal of Frank Larue, charged with the murder of Harry McBride in a glove contest at the Golden Gate Athletic club, Judge Shaffer to-day dismissed similar indictments against Bernard Meyers, John Jewell, J. J. Jamison, George Liddle, Joseph Bowers and Timothy McGrath, on motion of the district attorney, made on the ground of insufficiency of evidence to convict.

These parties were either seconds of the combatants or officers of the club.

**THEY STOLE THE TEA.**  
Members of the Crew of the "Eclipse" Arrested.

Special by THE ASTORIAN.

PORTLAND, Oct. 17.—On complaint of Captain Shellabier, master of the American ship *Eclipse*, first mate Heral, and a sailor named Peterson have been arrested for stealing 2,016 pounds of Japan tea, valued at \$1,488. The tea was taken from the ship's hold during the night. Other members of the crew are implicated.

**Robbed Postoffice Boxes.**  
Special by THE ASTORIAN.

PORTLAND, Oct. 17.—Wm. Midgley, a young man, was arrested to-day for robbing the United States mail. Midgley was in the habit of going to the postoffice with false keys and extracting letters from the boxes of prominent merchants. Before the United States commissioner he was held in \$3,000 bail to appear before the federal grand jury.

**The Best Man in the World.**  
Well, if not positively the best, one of the wisest is he who checks disease at the start in his own system. In preserving or restoring the heavenly granted gift of health, he deserves profound consideration. His example is worthy to be imitated. Who complains which afflicts us are largely attributable to a want of tone in the stomach, either inherent or induced by ourselves upon that much abused repository of the food which sustains us. What is its requirement in adversity? A wholesome tonic. None so good, if we rely on experience and testimony, as Hostetter's Stomach Bitters. Unmedicated stimulants won't do. Regulation, as well as invigoration of the digestive viscera, is not to be effected by these. Through the agency of the stomachic named, strength of the entire system is re-trenched—dyspepsia and biliousness overcome. Malarial, kidney, bladder and rheumatic complaints are eradicated by this salutary reformer of ill health.

### THE HORSE WAS "DOPED."

But the Case Not Proven Against the Dopers.

Special by THE ASTORIAN.

VICTORIA, Oct. 17.—George Renwick and Frank Baldwin, accused of "doping" the race horse "John L." at a recent meeting of the Victoria Jockey club, were discharged from custody to-day, the evidence in the case not being deemed by the magistrate sufficient to convict.

Baldwin admitted having purchased acornite at a local drug store but the prosecution was unable to prove that the horse had been poisoned.

In discharging the prisoner the magistrate gave both a severe lecture on the disreputable practices indulged in on race courses, and advised them not to engage in any of the disgraceful tricks so common at the races on American soil. "There were laws here," said the judge, "for the protection of legitimate sports, and they will be vigorously enforced."

**PANIC IN A CHURCH.**  
The Alter Curtain Catches Fire.

Special by THE ASTORIAN.

CHICAGO, Oct. 17.—During the celebration of the anniversary of the Polish Church of Saint Stanislas to-day, the alter curtain caught fire. There were 1,500 children, ranging in age from five to fifteen years, in the church at the time and a panic among them ensued.

In the rush for the doors about twenty children were trampled on and crushed, but it is thought that only one received fatal injuries. The flames were soon extinguished with a small loss.

**Admiral Porter Very Ill.**  
Special by THE ASTORIAN.

WASHINGTON, Oct. 17.—Admiral Porter, United States navy, is lying dangerously ill at his home in this city and his condition to-day was such as seriously to alarm his family and friends.

**VISITED BY A FIERCE TORNADO**  
Destructive Work of a Wild Wind in South Carolina.

Special by THE UNITED PRESS.

WILMINGTON, N. C., Oct. 17.—A terrible tornado passed through the northern section of Robinson county, eighty-five miles west of Wilmington. Its course was from southwest to northeast and its track from 80 to 200 yards wide. Farm houses, grain houses and forests in the path were completely destroyed. Several persons were killed near Maxton, N. C., and it is feared that there has been great loss of life and property along the track of the storm.

At Hasty several houses were blown down and one person killed, and some were injured. At Floral College the belfry of the Presbyterian church, demolishing one house and many trees, and severely, if not fatally injuring two persons. McKim's sawmill was ruined and one of the
